*Resolved*, That the subject of Dr. Carpenter's letter be taken into consideration at an early meeting of the Council after the recess.

*October 26th, 1871.*

In reference to the subject of Dr. Carpenter's letter of the 15th June, read at the last meeting of Council, the Secretary stated that he had received a subsequent letter from him, dated Malta, 29th September, which was now read. *Resolved*, That a committee be appointed to consider the plan of operations it would be advisable to follow in the proposed expedition, the staff of scientific superintendents and assistants to be employed, and the different provisions and arrangements to be made, with an estimate of the probable expense, and to submit to the Council for approval a scheme which might be laid before H.M. Government, if the Council see fit, at as early a period as may be convenient. The Committee to consist of the President and officers of the Royal Society, Dr. Carpenter, Dr. Frankland, Dr. Hooker, Professor Huxley, the Hydrographer of the Admiralty, Mr. Gwyn Jeffreys, Mr. Siemens, Sir William Thomson, Dr. Wyville Thomson, and Dr. Williamson, with power to add to their number.
