

*Astroporpa annulata*, Örst. & Ltk., 270, 315, 326.  
*dasycladia*, Duj. & Hupé, 270.  
*Astroschema*, Örst. & Ltk., 256, 273, 309.  
*arenosum*, Lym., 274, 278, 318.  
*brachiatum*, Lym., 274, 276, 287, 317  
(Pl. XXX. figs. 5-8).  
*horridum*, Lym., 274, 275, 297, 318,  
323 (Pl. XXX. figs. 1-4).  
*intectum*, Lym., 274, 278, 317.  
*læve*, Lym., 274, 276, 278, 313, 326.  
*oligactes*, Ltk., 274, 278, 315, 317, 326  
(Pl. XLIV. figs. 1-5).  
*ruberum*, Lym., 274, 277, 307, 317,  
(Pl. XXXIII. figs. 1-4).  
*salix*, Lym., 274, 277, 297, 318, 323  
(Pl. XXII. figs. 12-15).  
*steenstrupii*, Lym., 274, 278, 313.  
*sulcatum*, Ljn., 274, 278, 317.  
*tenue*, Lym., 274, 276, 278, 315, 326.  
*tumidum*, Lym., 274, 275, 300, 315  
(Pl. XXII. figs. 8-11).  
*Astrotonma*, Lym., 256, 272.  
*agassizii*, Lym., 272, 292, 306, 307, 315,  
323.  
*murrayi*, Lym., 272, 301, 317 (Pl. XXII.  
figs. 5-7).

*Basket fish*, J. Winthrop, 264.

*Bellis scolopendrica*, Linck, 112.

*Cupitis medusæ altera species minor supina*, Seba,  
266.

*Euryale*, Lmk., 251, 265.

*aspera (asperum)*, Lmk., 266, 284, 299,  
301, 313, 326 (Pl. XXXV. figs. 1-16;  
Pl. XLV. figs. 6-9).  
*costosum*, Lmk., 263.  
*exiguum*, Lmk., 257.  
*muricatum*, Lmk., 257.  
*palmiferum*, Lmk., 267.  
*scutatum*, Gould (non De Blainville), 264.  
*verrucosum*, Lmk., 262.

*Gorgonocephalus*, Leach, 251, 256, 258.

*agassizii*, Lym., 253, 261, 263,  
264, 313, 323 (Pl. XXXV. fig.  
26; Pl. XXXVI.).

*Gorgonocephalus arborescens*, Agas., 261, 263, 313,  
326.  
*australis*, Lym., 261, 265, 313.  
*cacaoticus*, Lym., 261, 264, 313,  
326.  
*caryi*, Lym., 261, 264, 313.  
*chilensis*, Lym., 261, 265, 313.  
*eucnemis*, Lym., 254, 261, 315, 323.  
*lamarchii*, Lym., 261, 263, 313.  
*linckii*, Lym., 261, 264, 313.  
*malmgrenii*, Lym., 261, 264, 317.  
*mucronatus*, Lym., 261, 265, 315.  
*pourtalesii*, Lym., 258, 261, 293,  
294, 306, 307, 309, 315, 322,  
323 (Pl. XLV. figs. 2-5).  
*simpsonii*, Lym., 261, 264, 313.  
*verrucosus*, Lym., 261, 262, 291,  
313, 326 (Pl. XLVIII.).

*Hemipholis*, Agas., 157.

*affinis*, Ljn., 158.  
*cordifera*, Lym., 157, 158, 311, 324  
(Pl. XL. figs. 8-12; Pl. XLIV. figs.  
13-16).  
*elongata*, Agas., 158.  
*gracilis*, Vll., 158, 311, 324.  
*microdiscus*, Duncan, 158, 314.  
*wallachii*, Duncan, 158.

*Hemieuryale*, v. Mart., 248.

„ *pustulata*, v. Mart., 249, 254, 315,  
317, 326 (Pl. XLIII. figs 7-10).

*Lütkenia arctica*, Duncan, 31.

*Ophiacantha*, Müll. & Tr., 178, 286.  
*abnormis*, Lyn., 178, 179, 189, 302,  
316, 317, 323 (Pl. XXVI. figs. 4-6).  
*abyssicola*, G. O. Sars, 180, 199, 312,  
314, 316, 323.  
*anomala*, G. O. Sars, 179, 187, 198, 316.  
*aspera*, Lym., 180, 199, 316.  
*bidentata*, Ljn., 178, 179, 181, 186,  
288, 312, 314, 316, 317, 318, 319,  
321.  
*chelys*, Wyv. Thom., 205.  
*cornuta*, Lym., 180, 193, 297, 298,  
317, 323 (Pl. XV. figs. 3-5).
