

## PLATE VIII.

### BATHYCRINUS CAMPBELLIANUS, n. sp.

		Diam.	Page
Fig. 1. Calyx and arms separated from the stem and basal ring,	.	×	3 238
Fig. 2. The radials and arm-bases,	. . . . .	.	×
Fig. 3. Side view of one arm,	. . . . .	.	×
Fig. 4. Four of the lower arm-joints, from the side,	. . . . .	.	×
Fig. 5. Side view of a pinnule, mounted in dammar,	. . . . .	.	×

*N.B.*—The magnification given above is only approximate, as it was not recorded at the time the Plate was drawn, though I have endeavoured to work it out subsequently.
