

PLATE XXXIA.

Fig. 1.	Upper thoracic bristle of <i>Dasychone wyvillei</i> ,	×	210.
Fig. 2.	Inferior bristle of the same process,	×	210.
Fig. 3.	Anterior hook, from a large example of the foregoing,	×	390.
Fig. 4.	Superior thoracic bristle of <i>Dasychone nigro-maculata</i> ,	×	210.
Fig. 5.	Inferior bristle, from the same foot,	×	210.
Fig. 6.	Anterior hook of the foregoing species,	×	390.
Fig. 7.	Bristle (of average form), from the anterior region of <i>Dasychone violacea</i> ,	×	210.
Fig. 8.	Anterior hook of the same,	×	390.
Fig. 9.	One of the upper (not uppermost) bristles of the thoracic region of <i>Dasychone hubrechtii</i> ,	×	210.
Fig. 10.	Inferior bristle, from the same region,	×	210.
Fig. 11.	Anterior hook of the foregoing,	×	390.
Fig. 12.	Thoracic ventral bristle of <i>Protula capensis</i> ,	×	350.
Fig. 13.	Anterior hook of the species,	×	700.
Fig. 14.	One of the longer thoracic bristles of <i>Serpula sombreroiana</i> ,	×	430.
Fig. 15.	Anterior hook of the same,	×	700.
Fig. 16.	Anterior hook of <i>Protula lusitanica</i> ,	×	700.
Fig. 17.	Thoracic bristle of <i>Protula arafurensis</i> ,	×	350.
Fig. 18.	Anterior hook of the foregoing,	×	700.
Fig. 19.	Anterior bristle of <i>Protula americana</i> ,	×	210.
Fig. 20.	Hook, from the same region,	×	700.
Fig. 21.	Thoracic bristle of <i>Apomatus elisabethæ</i> ,	×	210.
Fig. 22.	Anterior hook of the foregoing,	×	700.
Fig. 23.	Anterior bristle of <i>Serpula narconensis</i> ,	×	114.
Fig. 24.	Tip of bristle, from the thoracic region of <i>Serpula narconensis</i> , var. <i>magellanica</i> ,	×	210.
Fig. 25.	Anterior hook of the foregoing,	×	430.
Fig. 26.	Tip of an anterior bristle of <i>Pomatocerus strigiceps</i> ,	×	210.
Fig. 27.	Tip of a posterior bristle of the same,	×	350.
Fig. 28.	Anterior hook of the species,	×	430.
