

TABLE IV.—*Species recorded from between 100 and 500 fathoms.*

Species.	Challenger.	Other British Expeditions.	American Expeditions.	Other Sources and Remarks.	Also in Table
<i>Cirroteuthis meangensis</i> , n. sp., .	500				V.
<i>Stauroteuthis syrtensis</i> , .	.		250		V. VI.
<i>Opisthoteuthis agassizii</i> , .	.		291		VI.
<i>Alloposus mollis</i> , .	.		238-506		I. V. VI.
<i>Octopus boscii</i> , var. <i>pallida</i> , n. .	150				II.
" <i>areolatus</i> , .	.	140			
" <i>carolinensis</i> , .	.		142		V.
" <i>duplex</i> , n. sp., .	.	150			
" <i>lentus</i> , .	.		120-464		
" <i>obesus</i> , .	.		150-300		
" <i>piscatorum</i> , .	.		120-200		V. VI.
" <i>arcticus</i> , .	.		101-487	600-300 S.	II. III. V.
" <i>januarii</i> , n. sp., .	350	345 P.			VI.
<i>Eledone verrucosa</i> , .	.		466		V. VI.
<i>Stoloteuthis leucoptera</i> , .	.		110-388		III.
<i>Nectoteuthis pourtalesii</i> , .	.		180		
<i>Rossia glaukopis</i> , .	.	345 P.		200 S.	III.
" <i>sullevensis</i> , .	.		101-458		II. III.
" <i>brachyura</i> , .	.		208		
" <i>tenera</i> , .	.		100-252		II. III.
" <i>megaptera</i> , .	.		150		V.
<i>Spirula peronii</i> , .	.	360			V.
<i>Sepia cultrata</i> , n. sp., .	.	150			
" <i>sulcata</i> , n. sp., .	.	140			
" <i>kiensis</i> , n. sp., .	.	140			
<i>Illex illecebrosus</i> , .	.		100-258		I. III.
<i>Abrolia megalops</i> , .	.		137-173		
<i>Gonatus fabricii</i> , .	.		255-372		I. V.
<i>Chiroteuthis lacertosa</i> , .	.		306-464		VI. VII.
<i>Brachioteuthis beanii</i> , .	.		183-368		V.
<i>Calliteuthis reversa</i> , .	345		365		V. VI. VII.
<i>Histioteuthis collinsi</i> , .	.		180-372		
<i>Taonius hyperboreus</i> , .	.		[388]		VI.
<i>Nautilus pompilius</i> , .	.	315			

TABLE V.—*Species recorded from between 500 and 1000 fathoms.*

Species.	Challenger.	Other British Expeditions.	American Expeditions.	Other Sources and Remarks.	Also in Table
<i>Cirroteuthis meangensis</i> , n. sp., .	600				IV.
<i>Stauroteuthis syrtensis</i> , .	.		523		IV. VI.
<i>Amphitretus pelagicus</i> , n. sp., .	[520]			Almost certainly from the surface.	
<i>Alloposus mollis</i> , .	.		715		I. IV. VI.
