

PLATE V.

	Diam.	Page
Fig. 1. ACTINOMETRA MACULATA, n. sp., . . . . .	× 6	
Fig. 1. a. The calyx from above, . . . . .		307
b. The calyx from the side, . . . . .		26
c. Dorsal aspect of the radial pentagon and basal star, . . . . .		21
d. Dorsal aspect of the centro-dorsal, . . . . .		307
Fig. 2. ACTINOMETRA LINEATA, n. sp., . . . . .	× 6	
Fig. 2. a. The calyx from above, . . . . .		328
b. The calyx from the side, . . . . .		26
c. Ventral aspect of the centro-dorsal with the rosette and two radials <i>in situ</i> , . . . . .		8
d. Dorsal aspect of the centro-dorsal, . . . . .		328
e. Side view of the centro-dorsal, with the rosette and two radials <i>in situ</i> , . . . . .		26
Fig. 3. ACTINOMETRA PAUCICIRRA, Bell, . . . . .	× 6	
Fig. 3. a. The calyx from above, . . . . .		26
b. <sup>1</sup> The calyx from the side, . . . . .		14
c. Internal aspect of three united radials, after removal of the centro-dorsal, . . . . .		14
Fig. 4. ACTINOMETRA SOLARIS, Lam., sp., . . . . .	× 6	
Fig. 4. a. The calyx from above, . . . . .		26
b. The calyx from the side, . . . . .		7
c. Dorsal aspect of the radial pentagon and imperfect basal star, . . . . .		290
Fig. 5. ACTINOMETRA STELLIGERA, n. sp., . . . . .	× 6	
Fig. 5. a. The calyx from above, . . . . .		309
b. The calyx from the side, interrarial view, . . . . .		22
c. The calyx from the side, radial view, . . . . .		26
d. Dorsal aspect of the radial pentagon and basal star, . . . . .		21
e. Ventral aspect of the centro-dorsal, with the rosette and basal star <i>in situ</i> , . . . . .		8

<sup>1</sup> Wrongly lettered 5b.
