

Nymphon—

arachnoideus, Risso, 1826, 129

Odius—

carinatus, Boeck, 1870, 333, 395, 1634

Ædiceroides—

cinderella, Stebbing, 1888, 850, pls. lxii, lxiii

ornata, Stebbing, 1888, 547, 855, pl. lxiv

rostrata,¹ Stebbing, 1888, 461, 547, 844, pls. lx, lxi

Oediceropsis—

brevicornis, Lilljeborg, 1865, 361, 395, 849

rostrata, Stebbing, 1883, 461, 547, 849

Oediceros (often spelt *Ædiceros*)—

æquicornis, Norman, 1869, 1628

æquimanus, Kossman, 1880, 516

affinis, Bruzelius, 1859, 314, 322, 356, 394

affinis, Goës, 1865, 356, 394, 431, 556

arcticus, Danielssen, 1859, 315

arenicola, Haswell, 1880, 288, 512

borealis, Boeck, 1870, 394, 424, 1634

Brandtii, Iarzynsky, 1870, 403

brevicalcar, Goës, 1865, 356, 395, 1628

curvirostris, Hansen, 1887, 1644

fossor, Stimpson, 1855-6, 288, 512

latimannus, Goës, 1865, 356, 394

latrans, Haswell, 1880, 512

longirostris, Goës, 1865, 356

lynceus, M. Sars, 1859, { 315, 319, 322, 356, 394
424, 431, 539, 546, 837
1634, 1644, pl. cxxxvii, n

macrocheir, G. O. Sars, 1879, 498, 569, 599

microps, G. O. Sars, 1882, 539, 599

microps?, Hansen, 1887, 599

neo-zealandicus, Thomson and }
Chilton, 1886, } 266, 586

norvegicus,² Boeck, 1860, 307, 322, 394, 395

{ *Novæ-zealandiæ*, Sp. Bate, 1862, 266, 586

{ *novi-zealandiæ*, Dana, 1852, 266, 322, 323

leucopis, G. O. Sars, 1885, 498, 534, 568, 572

{ *litoralis*, Boeck, 1870, 186, 362, 393

{ *littoralis*, Heller, 1875, 443, 584, 1634

platyuros, Grimm, 1880, 509

¹ The name *Ædiceroides conspicua* mentioned on p. 547, lines 7, 8, was never established, see p. 850.

² Boeck subsequently referred this species to two distinct genera, as will be seen by comparing his *Crust. amph. bor. et arct.*, pp. 84, 91, with his *De Skand. og Arkt. Amph.*, pp. 267, 288.

³ There is nothing to show whether Grimm's genus *Onesimus* is an independent but preoccupied name or a synonym of Boeck's *Onisimus*.
