

Cosecinodiscus lineatus, Ehrenberg.

- " *curvatus*, Grunow.
- " *normanni*, Gregory.
- " *subtilis*, Ehrenberg.
- " *kuttingii*, A. Schmidt.
- " *zonulatus*, Rattray.
- " *concinnus*, W. Smith.
- " *nodulifer*, Janisch.
- " *radiatus*, Ehrenberg.
- " *oculus-iridis*, Ehrenberg.
- " *asteromphalus*, Ehrenberg.
- " *decrescens*, Grunow.
- " *janischii*, A. Schmidt.
- " *entoleion*, Grunow.
- " *extravagans*, A. Schmidt.
- " *apiculatus*, Ehrenberg.
- " sp. (?).

Stephanopyxis turgida, Ralfs.

- " *palmeriana*, Grunow.
- " *turris*, Ralfs, var. *paucispina*,
Grunow (= *S. campana*,
Castracane).

Thalassiosira nordenskioldii, Cleve.

Melosira nummuloides, Agardh.

Pyxilla baltica, Grunow.

Paralia sulcata, Cleve.

Skeletonema costatum, Cleve.

Cyclotella striata, Grunow.

Biddulphia aurita, Brebisson.

- " *longicurvis*, Greville, var. *japonica*,
Grunow.
- " *reticulata*, Roper.
- " " *forma subquadrata*.
- " *chinensis*, Greville.

Cerataulus turgidus, Ehrenberg.

Auliscus coelatus, Bailey.

- " " var. *strigillata*, A. Schmidt.
- " sp. (?).

Ditylum brightwellii, Grunow.

Hemiaulus chinensis, Greville.

Eucampia zodiacus, Ehrenberg, var. *nodosus*, Grunow.

Molleria cornuta, Cleve.

Lauderia annulata, Cleve.

Rhizosolenia shrubsolei, Cleve.

- " *setigera*, Brightwell.
- " *alata*, Brightwell.

Chætoceros peruvianum, Brightwell.

- " *distans*, Cleve.
- " *ralfsii*, Cleve.
- " *æquatoriale*, Cleve.
- " *protuberans*, Lauder.
- " *secundum*, Cleve.
- " *didymum*, Ehrenberg.
- " *compressum*, Lauder.
- " *sociale*, Lauder.
- " *pelagicum*, Cleve.

The following fresh-water species occurred :—

Pinnularia viridis, Ehrenberg.

Cymbella turgidula, A. Schmidt.

" *cistula*, Hempricht.

Gomphonema acuminatum, Ehrenberg, var. *clavus*,
Van Heurck.

Cocconeis placentula, Ehrenberg.

Epithemia gibba, Kutzing.

Synedra ulna, Ehrenberg.

Denticula tenuis, Kutzing.

COPEPODA (Brady, Zool. pt. 45).

Corycaeus obtusus, Dana.

MACRURA (Spence Bate, Zool. pt. 52).

Thalassocaris stimpsoni, n.sp.

PTEROPODA (Pelseneer, Zool. pt. 65).

Cavolinia inflexa (Lesueur), young (= *Pleuropus pellucidus*).

In addition, the following are recorded in the note-books :—*Noctiluca*, Diatoms,
Peridinium tripos and other species, Acanthometræ and other Radiolaria, Vorticellinæ
and other Infusoria, Medusæ and larvæ, Siphonophoræ, *Cydippe* and other Ctenophoræ,
Pluteus, Ophiurid and other Echinoderm larvæ, Rotifera, *Sagitta*, *Pilidium*, *Polygordius*
