

<i>Fleurya aestuans</i> , Gaud. Eagle Island, Providence Island.	<i>Fimbristylis glomerata</i> , Nees. Providence Island.
<i>Casuarina equisetifolia</i> , Forst. Poivre Island.	<i>Setaria glauca</i> , Beauv. Gloriosa Island.
<i>Cyperus ligularis</i> , Linn. Eagle Island, Providence Island.	<i>Eleusine ægyptiaca</i> , Pers. Bird Island, Providence Island, Eagle Island.
<i>Cyperus rotundus</i> , Linn. Du Lise Island.	<i>Eragrostis tenella</i> , Beauv. Du Lise Island.
	<i>Nephrolepis exaltata</i> , Schott. Isle des Roches.

Summary.

Du Lise Island, Gloriosa group 15 species.	Cerf Islets, Providence Reef 4 species.
Bird Island, Seychelles group 6 „	Poivre Island, Amirante group 4 „
Eagle Island, Amirante group 8 „	Alphonse Island, Mascarene group 3 „
Isle des Roches, Amirante group 14 „	Gloriosa Island 1 „
Providence Island, Mascarene group 20 „	

The majority of the plants in the foregoing list are very widely spread, and details of their distribution will be found in the geographical tables and lists in Part III., pp. 107–117, and pp. 232, 233 ; but there are a few exceptions, which are interesting as indicating a probable former closer connection of the islands of this region. They are appended with their distribution :—

<i>Cleome (Polanisia) strigosa</i>	Island of Zanzibar and Mozambique.
<i>Hibiscus hornei</i>	Praslin Island, Seychelles: endemic.
<i>Ochrosia borbonica</i>	Mauritius, Seychelles, Bourbon.
<i>Ficus nautarum</i>	Seychelles.

SMALLER PACIFIC ISLANDS.¹

MARSHALL ISLANDS (NORTH-WESTERN POLYNESIA).

To the Berliner Gartenzeitung of 1884, E. Betche contributes a sketch of the Vegetation of the Marshall Islands, where he spent six weeks, but succeeded in finding only fifty-six species of plants, though he visited six of the Atolls. He mentions the following :—

<i>Calophyllum inophyllum</i> .	<i>Tabernæmontana</i> .
<i>Triumfetta</i> sp.	<i>Tournefortia argentea</i> .
<i>Pemphis acidula</i> .	<i>Cassytha</i> sp.
<i>Terminalia</i> sp.	<i>Hernandia peltata</i> .
<i>Barringtonia speciosa</i> .	<i>Tacca</i> sp.
<i>Morinda citrifolia</i> .	<i>Pandanus odoratissimus</i> .
<i>Scævola kænigii</i> .	<i>Thouarea</i> sp.
<i>Cerbera</i> sp.	

MALDON ISLAND. (About 155° W. long., and 4° S. lat.)

Among the unpublished lists of plants from various parts of the world, in the Kew Herbarium, is the following by Sir Joseph Hooker. They were collected by James Macrae,

¹ For lists of plants from a number of other Pacific Islands, see Part III., p. 116.
