

PLATE VI.

Sabal blackburniana.

A reduced representation of a tree growing in the palm-house of the Royal Gardens,
Kew, about one-fortieth of the natural size.

Figure 1.—A seed, natural size.

„ 2, 3.—The same, enlarged, from different positions.

„ 4.—A section of a seed, showing the embryo in position : slightly enlarged.

„ 5.—Embryo in position.

„ 6.—Embryo removed : both very much enlarged.
