

- Ophiocten abyssicolum*, Ltk., 78, 83, 313, 315.  
*amitinum*, Lym., 78, 79, 292, 294, 295, 318, 321 (Pl. IX. figs. 7-9).  
*depressum*, Lym., 78, 83, 315.  
*hastatum*, Lym., 78, 82, 289, 292, 297, 318, 321 (Pl. IX. figs. 10-11).  
*kröyeri*, Ltk., 79.  
*pallidum*, Lym., 78, 80, 83, 295, 318, 321 (Pl. IX. figs. 4-6).  
*sericeum*, Ljn., 78, 79, 292, 310, 313, 322 (Pl. XXXVIII. figs. 18-21).  
*umbraticum*, Lym., 78, 81, 308, 318, 321 (Pl. IX. figs. 1-3).
- Ophiocymbium*, Lym., 162.  
*cavernosum*, Lym., 163, 295, 318, 321 (Pl. XXVII. figs. 1-3).
- Ophioderma antillarum*, Ltk., 9.  
*brevicauda*, Ltk., 9.  
*cinereum*, Müll & Tr., 9.  
*elups*, Ltk., 11.  
*guttata*, Ltk., 9.  
*januarii*, Ltk., 10.  
*longicauda*, Müll & Tr., 10.  
*olivaceum*, Ayres, 9.  
*panamensis*, Ltk., 10.  
*rubicunda*, Ltk., 10.  
*serpens*, Ltk., 9.  
*squamosissima*, Ltk., 11.  
*tongana*, Ltk., 9.  
*variegata*, Ltk., 10.  
*virescens*, Ltk., 9.  
*wahlbergii*, Müll & Tr., 10.
- Ophiogeron*, Lym., 236.  
*edentulus*, Lym., 237, 289, 299, 319, 322, 323 (Pl. XII. figs. 16-18).
- Ophioglypha*, Lym., 19, 34, 39, 78, 286.  
*acervata*, Lym., 35, 39, 290, 313, 315, 324.  
*æqualis*, Lym., 36, 45, 303, 318, 321 (Pl. IV. figs. 14, 15).  
*affinis*, Lym., 35, 77, 310, 313, 315, 322, 324.  
*albata*, Lym., 36, 51, 304, 317, 321 (Pl. V. figs. 13-15).  
*albida*, Lym., 35, 44, 45, 76, 310, 313, 315, 322, 324.
- Ophioglypha ambigua*, Lym., 36, 54, 293, 310, 313 (Pl. VIII. figs. 4, 5).  
*arctica*, Lym., 35, 76, 310, 313.  
*brevispina*, E. A. Smith, 36, 53, 54, 293, 310, 313.  
*bullata*, Wyv. Thom., 35, 37, 44, 57, 288, 289, 290, 318, 321 (Pl. XXXVIII. figs. 14-17).  
*carnea*, Lym., 35, 76, 313, 315.  
*ciliata*, Ljn., 35, 76, 310, 313, 322, 324.  
*confragosa*, Lym., 38, 74, 308, 317, 321 (Pl. VIII. figs. 7-9).  
*convexa*, Lym., 37, 58, 305, 308, 318, 321 (Pl. VI. figs. 13-15).  
*costata*, Lym., 36, 50, 291, 313, 322 (Pl. V. figs. 1-3).  
*deshayesi*, Lym., 38, 72, 293, 294, 313, 321 (Pl. VII. figs. 13-15; Pl. XXXVIII. figs. 22-25).  
*elevata*, Lym., 37, 57, 291, 315 (Pl. V. figs. 16-18).  
*fulcifera*, Lym., 35, 42, 287, 315.  
*ferruginea*, Lym., 38, 39.  
*flagellata*, Lym., 35, 42, 304, 315, 322, (Pl. IV. figs. 16-18).  
*forbesii*, Duncan, 35, 77, 313.  
*fraterna*, Lym., 36, 56, 295, 318, 321 (Pl. VIII. fig. 6).  
*gracilis*, G. O. Sars, 79.  
*hexactis*, E. A. Smith, 34, 37, 41, 292, 293, 310, 313 (Pl. XLV. fig. 1; Pl. XLVII. fig. 2).  
*imbecillis*, Lym., 36, 46, 304, 315, 322 (Pl. IV. figs. 11-13).  
*inermis*, Lym., 38, 71, 72, 290, 315 (Pl. VII. figs. 4-6).  
*inornata*, Lam., 38, 73, 289, 318, 321 (Pl. III. figs. 10-12).  
*irrorata*, Lym., 36, 47, 286, 291, 315, 317, 318, 321 (Pl. V. figs. 7-9).  
*intorta*, Lym., 38, 75, 292, 313 (Pl. VIII. figs. 13-15).  
*jejuna*, Lym., 36, 52, 290, 296, 315 (Pl. V. figs. 4-6).  
*kinbergii*, Ljn., 35, 38, 39, 295, 296, 300, 310, 313 (Pl. IV. fig. 7.)
