

## PLATE LX.

The Lettering is the same in all the Figures.

<i>a'</i> . Ventral branch of the axial cord of the arm.	<i>gv.</i> Genital vessel.
<i>ad.</i> The parambulacral extensions of the axial-cords into the ventral perisome of the disk.	<i>ib.</i> Intervisceral blood-vesse
<i>ac.</i> Ambulacral epithelium.	<i>lp.</i> Labial plexus.
<i>b.</i> Radial blood-vessel.	<i>n.</i> Ambulacrinal nerve.
<i>c.</i> Bands of connective tissue in the body-cavity.	<i>nr.</i> Its oral ring.
<i>cc.</i> Coeliac canal.	<i>p.</i> Pigment granules.
<i>cvc.</i> Circunvisceral coelom.	<i>sa.</i> Sacculi.
<i>e.</i> External epithelium.	<i>so.</i> Spongy organ.
<i>fg.</i> Fore-gut.	<i>stc.</i> Subtentacular canal.
<i>g.</i> Epithelium of the gut.	<i>tb.</i> Tentacular branch of water-vessel.
<i>gc.</i> Genital cord.	<i>w.</i> Radial water-vessel.
<i>gc'</i> . Genital canal.	<i>wp.</i> Water-pore.

<i>gv.</i> Genital vessel.
<i>ib.</i> Intervisceral blood-vesse
<i>lp.</i> Labial plexus.
<i>n.</i> Ambulacrinal nerve.
<i>nr.</i> Its oral ring.
<i>p.</i> Pigment granules.
<i>sa.</i> Sacculi.
<i>so.</i> Spongy organ.
<i>stc.</i> Subtentacular canal.
<i>tb.</i> Tentacular branch of water-vessel.
<i>w.</i> Radial water-vessel.
<i>wp.</i> Water-pore.
<i>wt.</i> Water-tube.

Fig. 1. *ACTINOMETRA PULCHELLA*, Pourtalès, sp.

	Diam.	Page
Fig. 1. Transverse section of an ambulacrum behind the mouth, showing the connection of the genital vessels ( <i>gv</i> ) and labial plexus ( <i>lp</i> ), . . . . .	x 50	98

Fig. 2. *ANTEDON CARINATA*, Leach, sp.

Fig. 2. Portion of a vertical transverse section of the disk in the anal interradius, showing the connection of the genital vessels ( <i>gv</i> ) and labial plexus ( <i>lp</i> ), . . . . .	x 50	98
--	------	----

Figs. 3–6. *ANTEDON ESCHRICHTI*, Müll., sp.

Fig. 3. Portion of a vertical longitudinal section of the disk, which passes through the peristome, showing the connection of the intervisceral vessels ( <i>ib</i> ) with the spongy organ ( <i>so</i> ), . . . . .	x 35	98
--	------	----

Fig. 4. Longitudinal vertical section of the peristome in the direction of a ray, . . . . .	x 60	97
---	------	----

Fig. 5. Part of a vertical transverse section of the disk in the anal interradius, showing the spongy organ and labial plexus, . . . . .	x 40	98
--	------	----

Fig. 6. Transverse section of a brachial ambulacrum, showing one of the ventral branches of the axial cord ( <i>a'</i> ) <sup>1</sup> which extend into the perisome at the side of the food-groove, . . . . .	x 65	122
--	------	-----

<sup>1</sup> This is wrongly lettered *ad*.
