

2. *Sepioloa oweniana*, d'Orbigny.  
 1839. *Sepioloa Oweniana*, d'Orb., Céph. acét., p. 229 ; Sépioles, pl. iii. figs. 1-5.  
 1867. " " (?) Mörch, Vid. Meddel. nat. Foren. Kjøbenhavn, p. 101.  
 1879. " " (?) Tryon, Man. Conch., vol. i. p. 156 (*habitat*).
3. *Sepioloa pacifica*, Kirk.  
 1882. *Sepioloa pacifica*, Kirk, Trans. N. Zeal. Inst., vol. xiv. p. 283.
4. *Sepioloa atlantica*, d'Orbigny.  
 1839. *Sepioloa atlantica*, d'Orb., Céph. acét., p. 235 ; Sépioles, pl. iv. figs. 1-12.
5. *Sepioloa stenodactyla*, Grant.  
 1833. *Sepioloa stenodactyla*, Grant, Trans. Zool. Soc. Lond., vol. i. p. 84, pl. ii. figs. 1, 2.
6. *Sepioloa pusilla*, Pfeffer.<sup>1</sup>  
 1884. *Sepioloa pusilla*, Pffr., Ceph. Hamb. Mus., p. 7, fig. 9.
7. *Sepioloa schneehageni*, Pfeffer.<sup>1</sup>  
 1884. *Sepioloa Schneehageni*, Pffr., Ceph. Hamb. Mus., p. 7, fig. 8.
8. *Sepioloa tasmanica*, Pfeffer.<sup>1</sup>  
 1884. *Sepioloa tasmanica*, Pffr., Ceph. Hamb. Mus., p. 6., fig. 7.
9. *Sepioloa rossiaformis*, Pfeffer.  
 1884. *Sepioloa rossiaformis*, Pffr., Ceph. Hamb. Mus., p. 8, fig. 10.
10. *Sepioloa penares* (Gray), Tryon.  
 1849. *Fidenas penares*, Gray, B.M.C., p. 95.  
 1858. " " Adams, Gen. Rec. Moll., p. 41, pl. v. fig. 1.  
 1879. *Sepioloa penares*, Tryon, Man. Conch., vol. i. p. 157.

*Iniotheuthis*, Verrill, 1881.

1. *Iniotheuthis japonica* (Tilesius, MS.), Verrill.  
 1839. *Sepioloa Japonica*, d'Orb., Céph. acét., p. 234.  
 1881. *Iniotheuthis Japonica*, Vll., Ceph. N. E. Amer., p. 417.
2. *Iniotheuthis morsei*, Verrill (Pl. XIV. figs. 1-9 ; p. 112).  
 1881. *Iniotheuthis Morsei*, Vll., Ceph. N. E. Amer., p. 417.  
 1884. *Sepioloa bursa* (?), Pffr., Ceph. Hamb. Mus., p. 6, fig. 6.  
 1886. *Iniotheuthis Morsei*, Appellöf, Japanska Ceph., p. 15, pl. ii. figs. 15, 16 ; pl. iii. figs. 16, 19, 20, 23.

<sup>1</sup> From the absence of the pen in these three species, I am inclined to suspect that some of them should be referred to Verrill's genus *Iniotheuthis* ; possibly the same is the case with *Sepioloa stenodactyla* (see p. 114).
