¹ For Phronimidæ, in the Table, p. 290, read Phronomidæ.

² On p. 805, line 3, for Pontoporeidæ read Pontoporeides.

³ Boeck, in quoting Lilljeborg's classification, gives the form *Pontoporina* by mistake for *Pontoporeina*.

⁴ On p. 393, it should have been noticed that in the index to his work Boeck adopts the form *Prostomatidæ* in place of *Prostomata*.
